About Zithara.ai

Zithara.ai is a fast-growing **SaaS company** specializing in **AI-powered lead management solutions** for retail businesses. Our platform is designed to help businesses optimize customer acquisition and engagement, using advanced AI to enhance customer experiences and drive growth.

Why Join Zithara.ai?

- **Career Growth**: Zithara.ai offers an exciting opportunity to work in a rapidly growing, **AI-driven SaaS** environment, gaining hands-on experience in **frontend**, **backend**, or **full-stack development** while advancing your technical career.

- **Learning Environment**: You'll be mentored by seasoned developers, collaborate with passionate peers, and enjoy continuous learning opportunities to build your skills in cutting-edge technologies.

- **Innovative Work**: Contribute to building scalable, high-performance applications that solve real-world challenges for retail businesses, with a focus on creating impactful, innovative solutions.

- **Dynamic Culture**: Become part of a supportive, dynamic, and collaborative team where your ideas and creativity are valued. At Zithara.ai, we prioritize innovation and growth, making it a great place to start and build your career.

Hiring for Multiple Roles

We are looking for **passionate developers** to join our **Full Stack Development team**. Whether you're interested in working on **front-end**, **back-end**, or as a **full-stack developer**, we have opportunities to fit your skills and career aspirations.

- **Front-end Developers**: Work on creating beautiful, user-friendly interfaces and experiences that delight our clients.
- **Back-end Developers**: Build robust, scalable, and high-performance backend systems that power our platform.
- **Full Stack Developers**: Be involved in both front-end and back-end development, taking ownership of end-to-end solutions.

If you are excited about working with the latest technologies and eager to contribute to meaningful projects, **Zithara.ai** is the perfect place for you!
